

EYELASH EXTENSIONS

Before your Eyelash Extensions appointment

- For your initial appointment please arrive 15 minutes prior to complete a new client form.
- Wash hair as you cannot get the lashes wet or exposed to steam for 24 hours.
- Wetting the lashes within the first 24 hours of every eyelash extension appointment will weaken the glue adhesion and may also sting the eyes.
- Remove all eye-make up as any mascara or oils can affect the glue adhesion.
- Remove contact lenses, these can be placed in after your appointment is completed.
- Make up can be applied after your treatment however eye make-up must be avoided for 24 hours.
